

STM80HCC-04

Material: Ryton R4 (Black)

Rating: UL94-VO

4 Terminals: Self Leading

Packaging Tray: TY122x140-A

Application: For self leading of surface mount high current coupled inductors and transformers using wound toroids up to .890 inches in diameter. The toroids winding leads are used to make the surface mount connection to the PCB. The wound toroids leads are held in position by the slots and channels incorporated in the mounting case.

This popular "Bigfoot" concept is the patented property of **Pulse**, San Diego, CA.
